

YOGA

Your body is made up of the five elements (tat), Earth, Fire, Water, Space, and Wind. Illness arises when these elements fall out of balance. Natural replacements of the elements are as follows:

- Food
- Sun Light
- Drinking Water
- Mediation
- Breathing

Earth
Fire
Water
Space
Wind

Hyper ventilation creates the wind like affect in the body; this causes your blood to flow faster and creates itself. This gives you the feeling of well-being and improves muscle tone.

Ramgarhia Association is proud to announce Shri Om Prakash and Surjit Kaur, who will be holding classes at the following time and venues:

- Mondays 6:30 pm - 8.00 pm @ Crecent Road
- Thursdays 6:30 pm - 8.00 pm @ Crecent Road

ALL WELLCOME
